With the funds herein appropriated, it is the intention of the Legislature that it shall be the agency's responsibility to make certain that funds required to be appropriated for "Personal

Services" for Fiscal Year 2011 do not exceed Fiscal Year 2010 funds appropriated for that purpose, unless programs or positions are added to the agency's Fiscal Year 2010 budget by the Mississippi Legislature. Based on data provided by the Legislative Budget Office, the State Personnel Board shall determine and publish the projected annual cost to fully fund all appropriated positions in compliance with the provisions of this act. It shall be the responsibility of the agency head to insure that no single personnel action increases this projected annual cost and/or the Fiscal Year 2010 appropriations for "Personal Services" when annualized, with the exception of escalated funds. If, at the time the agency takes any action to change "Personal Services," the State Personnel Board determines that the agency has taken an action which would cause the agency to exceed this projected annual cost or the Fiscal Year 2010 "Personal Services" appropriated level, when annualized, then only those actions which reduce the projected annual cost and/or the appropriation requirement will be processed by the State Personnel Board until such time as the requirements of this provision are met.

Unless otherwise authorized in this act, no state agency shall take any action to promote or otherwise award salary increases through reallocation, reclassification, realignment, educational benchmark, career ladder, equity salary adjustment, or any other means to increase salaries of employees or positions unless specifically exempted by the following conditions: the award of teacher salary increments; the advancement of a trainee/cadet to the next level of a bona fide career ladder; the award of an educational benchmark for the attainment of a Certified Public Accountant License or higher level professional certification based on information provided to the State Personnel Board by the Legislative Budget Office; the immediate replacement of a departing employee with an employee from within state service at a salary level of the departing employee or the Fiscal Year

2010 promotional formula, whichever is less; the emergency appointment of nurses, pharmacists or other health care and child protection professionals at a salary to be determined by the State Personnel Board; or a new hire associated with the American Recovery and Reinvestment Act of 2009. All positions supported by funds available through the American Recovery and Reinvestment Act of 2009 shall be designated as time-limited positions.

Any transfers or escalations shall be made in accordance with the terms, conditions and procedures established by law or allowable under the terms set forth within this act. The State Personnel Board shall not escalate positions without written approval from the Department of Finance and Administration. The Department of Finance and Administration shall not provide written approval to escalate any funds for salaries and/or positions without proof of availability of new or additional funds above the appropriated level.

No general funds authorized to be expended herein shall be used to replace federal funds and/or other special funds which are being used for salaries authorized under the provisions of this act and which are withdrawn and no longer available.

SECTION 2. Section 18 of Chapter 124, 2009 Second Extraordinary Session, is amended as follows:

Section 18. (1) Of the funds herein appropriated, the Department of Mental Health, with approval by the board, may contract with a Community Mental Health Center for the purpose of operating the Crisis Intervention Center at Grenada. Employees of the center shall be participants in the Public Employees' Retirement System. The department will provide quarterly progress reports to the Chairmen of the Senate and House Public Health and Appropriation Committees.

As of the effective date of any such contract, all employee positions assigned by the Department of Mental Health to the Crisis Center at Grenada, Mississippi, shall be eliminated and all

employees will no longer be employed by the Department of Mental Health. The Department of Mental Health shall make all reasonable efforts to place the subject employees in vacant positions at other Department of Mental Health locations. Employees for whom no comparable positions can be found shall be terminated due to reduction in force pursuant to this act.

(2) Of the funds herein appropriated, the Department of Mental Health, with approval by the board, may contract with suitable entities for the purpose of operating the crisis intervention centers in Batesville, Brookhaven, Cleveland, Corinth, Laurel and Newton. The department shall provide quarterly progress reports on the operation of the crisis intervention centers to the Chairmen of the Senate and House Public Health and Appropriation Committees.

SECTION 3. Section 23 of Chapter 124, 2009 Second Extraordinary Session, is amended as follows:

Section 23. It is the intention of the Legislature, that no funds shall be expended if the Board of Mental Health closes any mental health facility without prior legislative approval, however, this section does not prohibit the Board of Mental Health from closing any of the crisis intervention centers for the purpose of contracting with suitable entities to operate the centers as authorized under the provisions of subsection (2) of Section 18 of Chapter 124, 2009 Second Extraordinary Session, as amended by Section 2 of this act.

SECTION 4. The Department of Finance and Administration (DFA) shall transfer funds back to the Department of Mental Health, upon the request of the Department of Mental Health, where the funds received by DFA from the Department of Mental Health were special funds (neither general funds or bond funds) and where those funds are not required for the payment of costs already incurred on a building or repair project. For the purposes of this section, the term "special funds" includes any state source

special funds including, but not limited to, funds from the Health Care Expendable Fund. The duty of DFA to transfer funds back to the Department of Mental Health under this section applies to any funds described in this section that were transferred to DFA, regardless of the year that the transfer was made by the Department of Mental Health.
